

# HMO Network Comparison Guide

The HMO Network Comparison Guide allows you to view the participating medical groups/independent practice associations (PMGs/IPAs) that are part of the Anthem Blue Cross HMO (CaliforniaCare), Select Plus HMO, Select HMO, Priority Select HMO, and Vivity HMO networks. The guide, which is organized by county, also indicates if a PMG/IPA participates in the Advantage HMO plan and whether a high or low copay is assigned to it.

## Definition of terms

### **PMG/IPA**

Participating Medical Group (PMG) or Independent Practice Association (IPA): A group of physicians organized as a legal entity that provides services to HMO members.

### **Prime Code**

Anthem Blue Cross' identifying number for its contracted PMGs/IPAs.

### **County**

The county where the PMG/IPA offers services.

### **HMO**

The Anthem Blue Cross HMO (CaliforniaCare) network.

### **Select Plus HMO**

This network offers more access than the Select network, while still offering a lower cost than CaliforniaCare.

### **Select HMO**

This network is built around those PMGs/IPAs demonstrating the most efficient practice patterns and hospital referrals.

### **Priority Select HMO**

This network is built around those PMGs/IPAs demonstrating the most efficient practice patterns and hospital referrals in selected Southern California counties: Los Angeles, Orange, Riverside, San Bernardino and San Diego.

### **Vivity HMO**

Anthem Blue Cross has partnered with seven of the top hospitals in Los Angeles and Orange counties in a joint venture to create the Vivity plan offering. The Vivity network features a virtual, integrated health delivery system that provides convenient access to some of the best primary care doctors, specialists and hospitals in the region at an affordable price.

### **Advantage HMO**

Empowers members to consider cost and quality before selecting their PMG/IPA. The benefit plan allows the members to select from two comprehensive medical benefit designs:

- **Low** = Low Copay - Members who select a low-copay provider will have lower out-of-pocket medical expenses.
- **High** = High Copay - Members who select a high-copay provider will have higher out-of-pocket medical expenses.
